"Motorization Experts"

Your Motorization Source

DC Window Automation is the Architect's best resource for finding solutions to unusual, difficult and the more common motorized window coverings for residential or contract applications.

You show us what you need to accomplish, and our experienced staff will provide the solution that best meets your requirements. We can provide all necessary material data for your specifications, including wiring diagrams, CAD drawings and electrical specifications. And when construction is ready, we provide complete turn-key measurements and installation by our certified installation crew.

Our services include:

- Preliminary pricing and budgets done at no cost
- We welcome challenges - you specify it and we will design it
- Sketches, wiring diagrams, technical information and specifications furnished if necessary
- Quality workmanship on all window treatments from basic to designer to "one of a kind"
- Your fabrics or ours available for all styles
- We offer Green Eco-Friendly Choices
- Job scheduling to fit your schedule with Certified Expert Installation
- We travel statewide, including Southern Wisconsin, Northern Indiana and Lower Michigan

Our guarantee is your complete satisfaction.

Architects

DC Window Automation is a leading source and supplier for motorized and automated custom draperies, shades and blinds. Our staff of over 10 experienced professionals provide services including consultation, design and installation. We are proud to be recognized experts in the newest technologies in window treatment motorization and automation.

How The Process Works

1. Call to discuss your requirements with one of our motorization specialists.
2. Fax or e-mail your window treatment design application and we will respond with a quote within 48 hours. (Some projects may require an on-site job visit before a quote can be given).
3. We will follow through with you to clarify the intended application, measuring or installation.
4. Our service includes contacting your general contractor or appropriate electricians, builders, carpenters or construction contractors.
5. Once all details are confirmed, we will remeasure and guarantee final product and installation.
6. Our staff will follow your job from start through completion and update you as to the progress.
7. We will call you and/or your client to schedule the installation of your motorized treatments.

We sell and service all major manufacturers including:
