"Motorization Experts"

Automation • Motorization Commercial/Contract

DC Window Automation is Chicagoland's leading source and supplier for motorized and automated custom draperies, shades and blinds. We are proud to be recognized experts in the newest technologies in window treatment motorization and automation. Our staff of over 10 experienced professionals provide services including consultation, design and installation. We'll work closely with you to help you integrate the control of your client's draperies, shades and blinds through your central automation system.

How The Process Works

1. Call to discuss your requirements with one of our motorization specialists.
2. We will respond with a quote within 48 hours. (Some projects may require an on-site job visit before a quote can be given.)
3. We will follow through with you to clarify the intended application, measuring or installation.
4. Our service includes contacting appropriate electricians, automation integrators, builders, carpenters or construction contractors.
5. Once all details are confirmed, fax us your signed purchase order and we will remeasure and guarantee final product and installation.
6. Our staff will follow your job from start through completion and update you as to the progress.
7. We will call you to schedule the installation of your motorized treatments.

We sell and service all major manufacturers including:

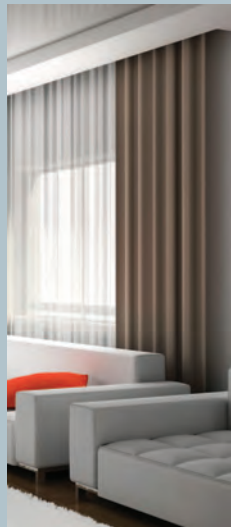

- BTX
- Somfy
- MechoShade
