Your Motorization Source

Custom motorized window treatments are a necessary part of any complete Home Automation Program System. Now you'll be prepared to offer your clients this essential and important aspect of home motorization - without having to become a window covering expert. We offer a professional turn-key service that can work under your company's umbrella.

You determine the need and application, and we'll handle all the details from there. This includes the window treatment design, fabrication, motorization and electrical requirements - all coordinated with you to work with your automation control systems.

Our services include:

- Free quotations at competitive prices
- We welcome challenges - you specify it and we will design it
- Sketches, wiring diagrams, technical information and specifications furnished if necessary
- Quality workmanship on all window treatments from basic to designer to "one of a kind"
- Your fabric or ours available for all styles
- Job scheduling to fit your schedule with Certified Expert Installation
- We travel statewide, including Southern Wisconsin, Northern Indiana and Lower Michigan
- Trade discounts applied on all window covering products

Our guarantee is your complete satisfaction.

"Motorization Experts"

Home Automation Integrator (Home Technology Integration)

DC Window Automation is Chicagoland's leading source and supplier for motorized and automated custom draperies, shades and blinds. We are proud to be recognized experts in the newest technologies in window treatment motorization and automation. Our staff of over 10 experienced professionals provide services including consultation, design and installation. We'll work closely with you to help you integrate the control of your client's draperies, shades and blinds through your central automation system.

How The Process Works

1. Call to discuss your requirements with one of our motorization specialists.
2. We will respond with a quote within 48 hours. (Some projects may require an on-site job visit before a quote can be given.)
3. We will follow through with you to clarify the intended application, measuring or installation.
4. Our service includes contacting appropriate electricians, builders, carpenters or construction contractors.
5. Once all details are confirmed, fax us your purchase order and we will remeasure and guarantee final product and installation.
6. Our staff will follow your job from start through completion and update you as to the progress.
7. We will call you and/or your client to schedule the installation of your motorized treatments.

We sell and service all major manufacturers including:
