

# Home Theatre Specialists

(Audio/Video)

*Supplier To-The-Trade*

## Window Automation

• Draperies • Shades • Blinds • Workroom • Installation  
*“Motorization Experts”*

## Your Motorization Source

Home Theatre projects are not complete without attention given to light and glare control, as well as ambient noise and general acoustics. Windows in a home cinema can create problems that only well designed window coverings can solve. We are the experts you need to help solve such dilemmas. We offer a complete, professional turn-key service that can work under your company's umbrella.

Our team of qualified designers will work with you or your client to determine the right solution. We'll handle all the details from there, including product fabrication, motorization and electrical requirements - all coordinated to work with your automation control systems.

### Our services include:

- Free quotations at competitive prices
- We welcome challenges - you specify it and we will design it
- Sketches, wiring diagrams, technical information and specifications furnished if necessary
- Quality workmanship on all window treatments from basic to designer to “one of a kind”
- Your fabric or ours available for all styles
- Job scheduling to fit your schedule with Certified Expert Installation
- We travel statewide, including Southern Wisconsin, Northern Indiana and Lower Michigan
- Trade discounts applied on all window covering products

**Our guarantee is your complete satisfaction.**

## Home Theatre Specialists (Audio/Video)

DC Window Automation is Chicagoland's leading source and supplier for motorized and automated custom draperies, shades and blinds. We are proud to be recognized experts in the newest technologies in window treatment motorization and automation. Our staff of over 10 experienced professionals provide services including consultation, design and installation.

We understand the special considerations of ambient light and sound in a home cinema, and how custom window coverings can help to solve those problems. We will work closely with you to integrate the operation of your client's theatre draperies, shades and blinds through your theatre control system.

## How The Process Works

1. Call to discuss your requirements with one of our motorization specialists.
2. We will respond with a quote within 48 hours. (Some projects may require an on-site job visit before a quote can be given.)
3. We will follow through with you to clarify the intended application, measuring or installation.
4. Our service includes contacting appropriate electricians, builders, carpenters or construction contractors.
5. Once all details are confirmed, fax us your purchase order and we will remeasure and guarantee final product and installation.
6. Our staff will follow your job from start through completion and update you as to the progress.
7. We will call you and/or your client to schedule the installation of your motorized treatments.

We sell and service all major manufacturers including:

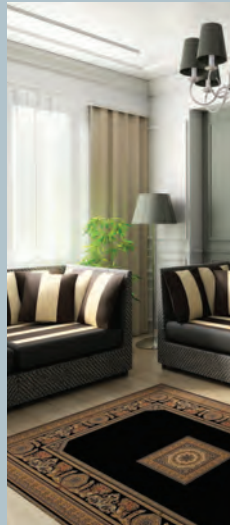

- BTX
- Somfy
- MechoShade
- InSync Solar
- Lutron
- Insoroll
- Coulisse

Electric Control Choices:

- Radio Frequency and Infrared Remote Controls.
- Individual or multi-window controls
- Sun-Sensor and digital timer networks
- Interfaces with all Residential Home Automation Systems.
